

Best of Homes

Create your dream living space – whether you're installing solar panels to make your home more sustainable or putting the final touches to your grand design, here are some of the best ways to improve your home

Stay cool this summer with air conditioning!

Air conditioning provides comfort by regulating indoor temperature and humidity levels, ensuring a pleasant environment regardless of external conditions, enhancing productivity, and promoting better sleep quality.

Whether it's hot or cold outside, Barnet Climate Control can help keep you at your optimal temperature. Starting as a family-run business, they have grown substantially over the past three-and-a-half years. They now serve both residential and commercial clients throughout London and the surrounding counties, providing top-quality air conditioning installation, repair and maintenance services.

With many years of experience, Barnet Climate Control's REFCOM-employed installers pride themselves on working to the highest specifications and giving customers the best value for their money. Their expert technicians are trained in-house to not only be the best engineers, but also to provide you and your family with excellent customer service. They treat every customer with the care and consideration they deserve, no matter how big or small the job, and offer an exclusive 10-year parts and labour warranty.

All Barnet Climate Control's air-conditioning units include five essential modes: Auto, Cool, Heat, Purify and Dehumidify. Plus, a filtration system works to remove pollutants in the air, helping improve indoor air quality. Installation can be completed in just one day, and there are flexible finance options available, a 10-year

warranty, and all-inclusive aftercare for current and new customers, including full services, repairs and emergency callouts. Beat the summer heat and the winter freeze with Barnet Climate Control.

Barnet Climate Control

Visit barnetclimatecontrol.com or call 020 3994 2249 to get a free estimate. Enjoy £200 for all air conditioning installation for the next month.

No fuss inflation

Driving on under-inflated or over-inflated tyres can affect vehicle steering and braking distance. Vehicles with correctly inflated tyres can steer and stop more effectively – and use fuel more efficiently – saving you money.

Introducing Ring's RTC4000 cordless tyre inflator: the high-quality, compact, yet powerful cordless tyre inflator for cars and motorbikes. With no wires, it's portable and gives you the freedom to move around your vehicle with ease.

It's easily chargeable with a USB type-C or 12V DC cable and inflates tyres quickly, even from flat. With a memory function that can store up to four pressure settings, and a powerful LED light, it's never been easier to inflate your tyres to perfection.

Visit amazon.co.uk and search for the RTC4000 today.

Get £5 off this simple but effective gardening OneLeg stool

The ingenious OneLeg stool enables you to sit, rather than kneel, when completing low-level tasks around the home and garden. Its rounded base allows you to rock and tilt as you sit, helping to protect your lower back, increase your reach and strengthen your core. It will also prevent discomfort in the knees, as you will no longer need to kneel.

The simple yet functional OneLeg stool is weatherproof, impact resistant, lightweight and easy to clean. It is also 100% recyclable and comes in a choice of colours and two heights, with a free black silicone anti-slip foot. Add a seat cover for extra comfort.

Save backs and knees with OneLeg – you will wonder how you ever lived without one.

OneLeg Stool

Redefining luxury living

One of Dubai's leading real estate brands, Binghatti, is pioneering the luxury branded residential market, ushering in a new era of premium design and innovation. Their latest project offerings in the uber-luxury segment feature branded developments in collaboration with leading global luxury brands, such as Bugatti, Mercedes-Benz and Jacob & Co. The partnerships with Binghatti mark the debut of these global brands in the real estate industry, aiming to redefine luxury living with iconic branded residences that translate the brand experience with elegance, sophistication and exclusivity.

Inspired by the iconic automotive brand, Bugatti Residences by Binghatti sets a new benchmark for high-end living in Dubai. The project aims to revive the spirit of a private retreat in the heart of the metropolis, and embodies the aspiration of creating the incomparable. Characterised by distinctive layouts, remarkable ceiling heights and expansive terraces that offer exceptional entertaining spaces, these residences redefine extravagance. The project features 182 bespoke sky mansions and 11 exclusive penthouses, each with a unique layout, creating a unique piece out of every mansion and penthouse in the project. Residents can also savour exclusive access to amenities, including a communal 'French Riviera' inspired urban beach club,

the first of its kind in Dubai's most prominent district. The project also features pools, a spa, a gym, and a dedicated concierge team offering an unmatched experience of elevated living.

Mercedes-Benz Places by Binghatti merges automotive excellence with timeless elegance. The project offers a truly unique living space that caters to the needs of guests and residents. This residential masterpiece redefines elevated living by providing holistic, connected and desirable experiences. The residential tower, rising 341 meters across 65 storeys, comprises 150 units, including a variation of two to four-bedroom units and five exclusive penthouses. Located in Dubai's most prestigious district of Downtown Dubai, each unit in the project offers uninterrupted views of the world-famous Burj Khalifa and surrounding landmarks.

Burj Binghatti Jacob & Co Residences, in collaboration with the global jewellery and horology brand Jacob & Co, offers unparalleled sophistication and craftsmanship. These residences showcase meticulous attention to detail, reflecting the sophistication synonymous with the Jacob & Co brand. Inspired by the impossible, the hyper-tower is aiming to break a world record as tallest residential tower in the world. At the highest altitude of the hyper-tower is the crown that stands as the culmination of Binghatti and Jacob & Co's signature architectural and horological code. It celebrates the spirit of unrivalled opulence through its voluptuous profile and fascinating display inspired by iconic Jacob-cut diamonds, epitomising the pinnacle of luxury living in Dubai's vibrant cityscape.

Under the leadership of its CEO, Muhammad BinGhatti, the company has garnered accolades for its commitment to excellence and innovation in the real estate sector. With a portfolio of award-winning projects and a dedication to integrating art with property development, Binghatti continue to set new standards in the high-end real estate landscape of Dubai.

As Binghatti continue to redefine the uber-luxury residential market, residents can anticipate nothing short of exceptional living experiences, characterised by the unparalleled innovation and timeless elegance of the global brands it has partnered with.

Visit binghatti.com to find out more.

Storm strength from Shetland

The Polycrub® is a polytunnel-greenhouse hybrid designed and proven to withstand the rigours of the Shetland climate. It's a tremendously strong structure, built with a solid green ethos. The frame is made using redundant pipe from the aquaculture industry, which gives this material another new, long, useful purpose.

The Polycrub range includes a variety of lengths up to 12 metres:

- Polycrub Classic – four metres wide
- Polycrub Peerie Polly – three metres wide
- Polycrub Opyl – ideal as a general purpose shed, or for livestock or poultry.

These sturdy growing areas are perfect for individual growers, schools or community groups, or even a place to enjoy the hot tub and a G&T.

The Polycrub company is a social enterprise, based in Northmavine, Shetland.

Visit polycrub.co.uk to find out more.
